SEA LEVEL ANSWERS.

- | | |
|---|--|
| 1. The seagull's head is 4 metres above the sea. | 5. The seagull's beak is 4 metres above the sea level. |
| 2. The crab's mouth is measured to -9 metres below the sea. | 6. The seahorse and seagull are 7 metres away. |
| 3. The mouth of the shark and shrimp are 2 metres away. | I arrived at my answers by marking each number with the black marking. |
| 4. The eel's mouth is -7 metres below the surface. | ✓ |
